Highlights

1 Danjo Garan Sacred Temple Complex 壇上伽藍
The complex was founded by Kobo Daishi as a place for training in esoteric Shingon Buddhism. Several temples are located inside the complex, and the 49-metre tall Great Pagoda, or Konpon Daito, is impressive in its scale.

2 Okuno-in 奥之院
The approximately two kilometer road that leads to the mausoleum of the monk Kobo Daishi is surrounded by trees that are several hundred years old. There are also over 200,000 memorial towers, including those of feudal lords who made their mark on history.

3 Tsuboyu Onsen/ (Yunomine Onsen) 湯の峰温泉
The onsen is renowned for being the oldest hot spring in Japan. It is also the only UNESCO World Heritage Site where you can enjoy full-body hot spring bathing.

4 Oyunohara 大斎原
This was the original site of Kumano Hongu Taisha Grand Shrine, until a flood in 1889. Now, only two small stone shrines remain, guarded by the world's largest torii gate.

5 Kumano Hongu Taisha Grand Shrine 熊野本宮大社
Kumano Hongu Taisha is one of the Kumano Sanzan shrines and a holy place that has been visited by many people since the Heian period. The beautiful main shrine buildings with a cypress bark roof create a solemn atmosphere.

6 Kumano-gawa River Boat Tour 熊野川舟下り
Ride in a rustic wooden boat down the river to Kumano Hayatama Taisha Grand Shrine, part of the pilgrimage route connecting the three great Kumano shrines. The journey takes 90 minutes

7 Kumano Hayatama Taisha Grand Shrine 熊野速玉大社
According to tradition, pilgrims would sail down the Kumano-gawa river to this shrine after visiting Kumano Hongu Taisha Grand Shrine. The grounds here feel more open and spacious, and the buildings are painted a striking vermilion.

8 Kamikura-jinja Shrine 神倉神社
Closely tied with Kumano Hayatama Taisha Grand Shrine, this small but stunning cliff-top shrine marks the spot (a gigantic rock) where legend says the deities of Kumano descended. The stone steps leading to the shrine are not for the faint-hearted.

9 Nachi Waterfall 那智の滝
This 133 meter tall waterfall boasts the longest drop in Japan, with one ton of water dropping down the cliff every second.

10 Kumano Nachi Taisha Grand Shrine 熊野那智大社
One of the great shrines of the Kumano Sanzan, Kumano Nachi Taisha Grand Shrine is the origin of the ancient faith that worships Nachi Waterfall. The large camphor tree in the precincts is said to be 800 years old, and has a tunnel that visitors can pass through.

11 Nachisan Seiganto-ji Temple 那智山青岸渡寺
Prospering as a sacred ground along with Kumano Nachi Taisha Grand Shrine, this temple is the oldest structure in Kumano.
